

# Happy New Year! Support Raising to Ship Out to Japan

## UPDATES

Yumi served at a Korean Christian conference for youth from 26th December 2024 as a Volunteer pastoral counselor. When she was a student at Talbot, she participated in the conference as part of her training. The person in the middle of the bottom row is Talbot's Professor Sunny Song. Yumi has a vision to provide a similar ministry of connecting counselors and people at church conferences and training camps in Japan.

As a couple, we have a habit of checking out local cafes together and talk about the tiny things we find. At a cafe we visited the other day, we loved the logo and noticed how they printed it. These times are always fun for us as we dream together about how we want to shape JLODGE to be a welcoming place. We also thought "This looks better and cheaper than what we thought about before!"
