

Waiting to Launch

UPDATES

In July we went to the Celebrate Recovery Summit at Saddleback church with friends who run a Japanese CR group and have partnered with Soul Care. July was filled with meeting lots of family, friends and supporters. Yumi was able to go on a solo spiritual formation retreat as well. This time has been great for recharging and reflecting.

We've hit 80% for our recurring support! Thank you everyone who have partnered with us so far.

Yumi going to Japan first

It has been over three months since we submitted Tommy's visa application. We recently contacted the Immigration Bureau of Japan and they said that it's still in process and may take anywhere from 2 more weeks to 2 months. So, we are considering having Yumi depart first on September 15 so she can start getting us situated, looking for a house, and beginning Soul Care in Japan.
