

Our First Thanksgiving in Japan

In Japan, there is no typical Thanksgiving holiday, and no turkey either. But we still wanted to say thank you to the friends and partners who have helped us adjust to life here. We were glad to use our new home to host and have everyone over! People from JLodge, Soul Care, and the house church came and celebrated with us. November has felt packed!

UPDATES

▲ Thanksgiving gathering with local Christian leaders.

From Nov. 3-5, we had the JEMS missionary retreat where we got to meet everyone. In mid November David was discharged from the hospital and has been recovering from home, and we celebrated that with a BBQ with some students.
